### RSE-PC

PLEASE READ INSTRUCTION BEFORE COMMENCING INSTALLATION AND RETAIN FOR FUTURE REFERENCES.

! Electrical products can cause death or injury, or damage to property. If in any doubt about the installation or use of this product, consult a competent electrician

**Note:**

Product technical information and specification may change over time without prior notification. For the latest technical information please visit our web site [www.ledgrouprobust.com](http://www.ledgrouprobust.com) or [robustdirect.com](http://robustdirect.com)

-25°C < Ta < +40°C, Loading:120V-1000W, 240V-2000W, IP65

This photocell is compatible with the fitting of RSE3540S-25

Turn-on light level: 10LUX

Turn-off light level: 30Lux

### Installation

1. Ensure mains supply is switched off before commencing work.
2. Remove the blank cover or the old photocell from the socket of fitting.
3. Insert this photocell (RSE-PC) into the socket of fitting as per the instructions on the top of cover: align "N" to "N" and then rotate it toward the install direction. Ensure a secure connection.

### Information for the Product user:

1. Please note the requirement to dispose of Waste Electrical & Electronic Equipment separately from household waste (WEEE marked with crossed out wheelee bin symbol).
2. Please consider your role in contributing to re-use and recycling by returning this product at end of life to a collection centre for waste electrical equipment or a Civic Amenity site, or to a retail outlet from which you are purchasing a replacement.
3. This equipment may contain substances that are hazardous to health and the environment if disposed of carelessly. It is important that it is separated from normal household waste and recycled in the WEEE chain
4. The "crossed out wheelee bin symbol" on a product indicates this equipment must not be disposed of in normal household waste, but should be disposed of according to local WEEE regulations

**The Installation must be carried out by a qualified electrician**
