

## DEXTER 6W DIRECTIONAL DIMMABLE LED DOWNLIGHT IP20, 3000/4000K, WHITE

RDE6P030D-01 RDE6P040D-01

EN

PLEASE READ INSTRUCTION BEFORE COMMENCING INSTALLATION AND RETAIN FOR FUTURE REFERENCES.

! Electrical products can cause death or injury, or damage to property. If in any doubt about the installation or use of this product, consult a competent electrician

Note:

Product technical information and specification may change over time without prior notification. For the latest technical information please visit our web site [www.ledgrouprobust.com](http://www.ledgrouprobust.com) or [robustdirect.com](http://robustdirect.com)

-20°C < Ta < +40°C, 220-240V ~ 50/60Hz, Class II, IP20  
Suitable for mounting on a normally flammable surface.  
See website for compatible dimmer list: [www.ledgrouprobust.com](http://www.ledgrouprobust.com)

### Installation

1. Ensure mains supply is switched off before commencing work
2. Before cutting, ensure that the hole does not impinge on joists, pipe work, cables or other building services
3. This luminaire requires a round hole Ø70mm to be cut into the ceiling for correct installation.
4. Connect AC power supply cable to the terminal of luminaire. (Brown to L and Blue to N)
5. Hold retention spring vertically against heat sink, push fitting through the cut-out until the springs come down on the upper side of the plasterboard. Ensure that the fitting is secure and the bezel is tight against the ceiling
6. Adjust orientation of luminaire to illuminate desired area

**Risk of Fire**  
Required clearance from structural members and building element  
**SCB = 50 HCB = 25**

### Information for the Product user:

1. Please note the requirement to dispose of Waste Electrical & Electronic Equipment separately from household waste (WEEE marked with crossed out wheelee bin symbol).
2. Please consider your role in contributing to re-use and recycling by returning this product at end of life to a collection centre for waste electrical equipment or a Civic Amenity site, or to a retail outlet from which you are purchasing a replacement.
3. This equipment may contain substances that are hazardous to health and the environment if disposed of carelessly. It is important that it is separated from normal household waste and recycled in the WEEE chain
4. The "crossed out wheelee bin symbol" on a product indicates this equipment must not be disposed of in normal household waste, but should be disposed of according to local WEEE regulations

The Installation must be carried out by a qualified electrician
